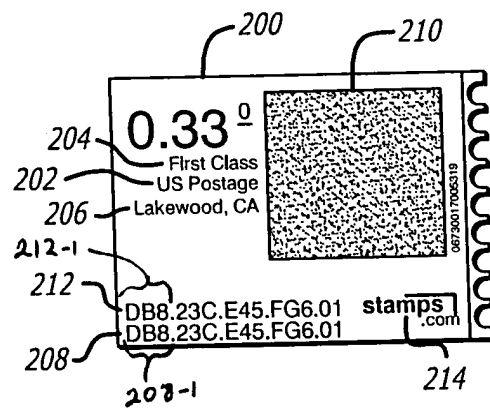

FIG. 5

The screenshot displays the Stamps.com Internet Postage application. At the top, a navigation bar includes a logo and menu items: "Stamps.com Internet Postage", "File", "View", "Account", "Tools", and "Help". Below this is a sidebar with buttons for "Welcome", "Print Postage", "Buy Postage", "View Reports", "Addresses", "Buy Supplies", "Online Support", "Shipping Tools", and "Business Tools". The main content area is titled "What do you want to print?" and offers two options: "Smart Postage" (selected) and "Quick Postage".

The "Smart Postage" section contains a "Print Using:" dropdown menu set to "Label - Dymo Netstam". Below this are radio buttons for "Full Sheet" (selected) and "Partial Sheet". To the right, there are input fields for "Serial Number" (123456789), "Start Number" (1), and "Number of labels" (3). A "Synchronize" button is also present. A "What is the postage amount for each stamp?" section follows, with a radio button selected for "Enter the postage for each label" and a value of "\$ 0.03". A help text box explains that the postage amount is determined for each label.

The "Mail Piece:" section includes a "Letter" dropdown menu. The "Weight:" section has input fields for "0 lbs." and "1 oz.". The "Mail Class:" section includes radio buttons for "First Class Mail", "Priority Mail", and "Express Mail". The "Special Services" section includes a "Destination" dropdown menu and a "Zip Code" input field (524). A "References:" section shows a dropdown menu set to "<None>".

The bottom of the application features a "Total Postage Cost" section, which states "Cost of mailing: 3 labels @ \$0.03 = \$0.09". Below this are buttons for "Print Sample" and "Print Label". A "Help" button is located in the bottom right corner. The application's name "stamps.com" is displayed in a large font at the bottom left. The available postage amount is shown as "\$185.00" in the bottom right corner.
